

Ministry of Mines and Mining Development

VISION

A stable and sustainable mining industry by 2030.

MISSION

To promote sustainable and responsible exploration, mining, beneficiation, value addition, marketing, and management of mineral resources.

CORE VALUES:

TRANSPARENCY

MMMD will maintain an open-door policy and share relevant and accurate information with stakeholders. MMMD seeks to build and maintain the confidence and trust of stakeholders.

EFFICIENCY

MMMD will strive to deliver services in the least turnaround time as is possible within the confines of the law.

TEAMWORK

MMMD deeply believes that results are best achieved through co-ordinated, motivated and competent teams working in mutual interdependence.

ACCOUNTABILITY

MMMD acknowledges and takes responsibility for all actions and decisions made within the scope of our role as the lead government agency for the mining sector.

INTEGRITY

MMMD endeavours to uphold the highest levels of honesty, sincerity and objectivity in all operations and dealings.
